# AMS107a - Aviation regulation and Airworthiness

From the Advanced Master AMS: E&M  
(Aeronautical Maintenance and Support: Engineering & Management)

## Course content

### Aviation safety objectives:

- Definitions
- Acceptable level
- Results
- Safety programs

### International conventions:

- ICAO organization
- Chicago conventions principles
- Standards
- Definitions

### European regulations:

- EASA organization and responsibilities
- EASA regulations and approvals

### Airworthiness regulation:

- ICAO principles
- European type certification process
- Airworthiness documents
- Approval of changes
- Continued airworthiness

### Operations regulation:

- ICAO principles
- EASA Air operations regulation
- Air operator
- Operations manual

## Teaching methods

Teaching methods	Yes
Lectures / tutorial	X
Collaborative learning	
Flipped classroom	
Blended learning (online and face to face)	
Learning by doing	
Project-based	
Simulation	
Case study	

## Assessment

Written exam
