Institut Supérieur de l'Aéronautique et de l'Espace
SUPAERO

SPRING SEMESTER

in AERONAUTICAL ENGINEERING

ISAE-SUPAERO

- / At the forefront of aerospace innovation since 1909
- / An exceptional environment in the heart of Toulouse, Europe's leading hub of aerospace industries, laboratories and universities
- / World-class research equipment and facilities: wind tunnels, turbofan test bed, flight simulators, aircraft fleet, autonomous systems platform, clean rooms for satellite integration, embedded systems platforms
- / An international campus: 30% international students, 62 nationalities
- / A vibrant, centrally located campus with residence halls and an extensive choice of sports facilities

OVERVIEW

- / A full semester in English for junior and senior bachelor students in aeronautical or mechanical engineering program
- / An undergraduate credit transfer mobility program, no tuition fees involved for partner universities
- / No prior knowledge of French required

ACADEMIC PROGRAM

5 courses of 6 ETCS each:

- / Aircraft design
- / Applied aerodynamics and propulsion
- / Aircraft structures
- / Representation, analysis and dynamic systems control
- / Introduction to French language, culture and to the aerospace industry in France

Toulouse - FRANCE

January 23, 2023

to June 2, 2023

Undergraduate English track

Application deadline: October 16, 2022
