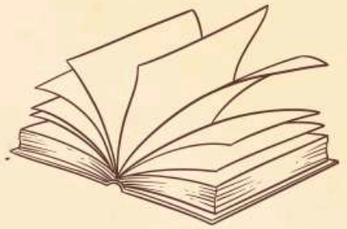
LOG BOOK

The adventure begins at ISAE-SUPAERO!

Explore
a new world...



Hey there!

Thinking about joining Supaéro?

Hop on board with me and I'll take you through my journey.

Discover a thrilling student life,

packed with sports, culture,

and groundbreaking projects that push boundaries!

SPORTS
Association

My journey starts with
what you're probably missing the most
coming from your school or university...
sports!
At Supaéro, there's so much to do!
I never imagined all the possibilities
before I arrived. Turn the page
and see what's in store for you!

43°33'56.07"N
1°28'33.31"E

Take off!

At Supaéro, we fly!
Craving adrenaline?
The school's AS (Sports Association) lets you soar on your own wings.
For thrill-seekers, you can try skydiving or gliding.
If you prefer being in control, you can learn to pilot a glider or even earn your PPL (Private Pilot License) at a very affordable price.

SKYDIVING

PARAGLIDING

LASBORDES AERODROME

GLIDING

Get your PPL at a reduced cost

Supaéro has a fleet of 9 aircraft that gives you the opportunity to take flying lessons to obtain your Private Pilot License at a reduced cost for engineer and master students, limited spots available.

Control the wind!

SAILING

SAILING DINGHY

Is wind your element?
At Supaéro, you can try all kinds of sailing sports and learn kitesurfing, windsurfing, and catamaran sailing.
Dream of becoming a skipper?
Join the sailing club and set sail for entire weekends!

KITE SURFING

Set off on an adventure!

SKIING

MOUNTAINEERING

Let's be honest, after your university, we all feel like escaping. With its wide range of outdoor sports, the Supaéro sports association takes you far from campus.
Toulouse is ideally located between the Pyrenees, the Mediterranean, and the Atlantic. Whether you're a mountain enthusiast or just curious to try something new, set off in any season with mountaineering trips, skiing, hiking, and even mountain biking.
Adventure comes in all shapes and forms.
By the sea, you can go surfing or scuba diving, while in Toulouse itself you can try wakeboarding or rowing on the Canal du Midi or the Garonne River.

Explore and even sleep in the caves of the region with the caving club!

CAVING

CANYONING

TRAIL RUNNING

SURFING

WAKEBOARDING

ROWING

The rowing club, French university champions!

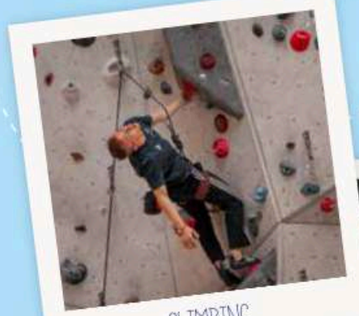
SCUBA DIVING

SUPAERO has so much more to offer than just that!

SWIMMING

The Supaéro swimming pool, right on campus!

You probably won't find all the sports mentioned earlier at other schools... However, don't be overwhelmed: at Supaéro, you can also practice all the team and individual sports you already know. For these sports, there's no need to look far, almost everything is right on campus. There's even a 25 m x 8 m swimming pool!
All year long, take on other schools and universities in the region in FFSU tournaments (see p. 32).



CLIMBING

ATHLETICS

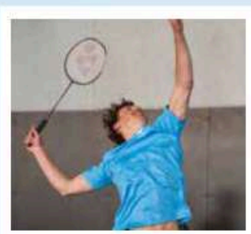
CHEERLEADING

CYCLING

TABLE TENNIS

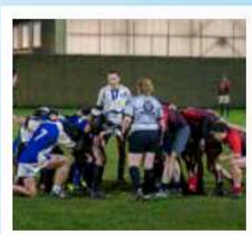
FENCING

You can also train just for the love of sport, nothing is ever mandatory here at Supaéro!



BADMINTON

BASKETBALL



RUGBY

HANDBALL

FOOTBALL

TENNIS

VOLLEYBALL

ULTIMATE

WATER POLO

STUDENTS' Association

New Stop!

The Students' Association (AE) is the central hub of your adventure, the place where you leave your passenger seat behind and become the pilot of your own projects.

Here, we don't just follow the route: we draw our own maps.
Whether you want to explore technical peaks, ground yourself in strong values, or simply take a break between two stops, the AE offers you every possible destination.

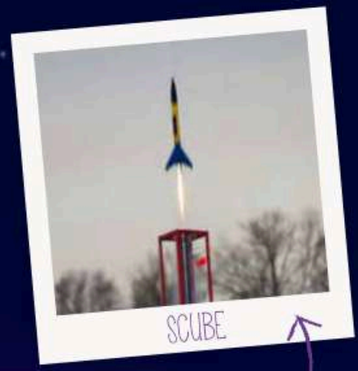
38°24'23.33"N
110°47'30.50"W

Reach for the stars!

MDRS

Mars Desert Research Station (MDRS)
Ready to head to Mars?
From the Utah desert to the far reaches of space, experience full immersion: 30 days in confinement, extravehicular field missions, and cutting-edge research for leading space agencies.
More than just a simulation, it's a human and scientific adventure at the very edge of reality.

@mars_supaero



SCUBE

Supaero Space Section (Scube)
At the SUPAERO Space Section, theory turns into ignition. From propulsion to onboard electronics, you'll design, test, and launch your own rockets during real launch campaigns. Want to see your calculations defy gravity?
Scube is waiting for you at the launch pad!

@scube.supaero

TOLOSAT
You don't need to work at NASA to build a satellite! The Supaéro CubeSat club is a 100% student-led, 100% Toulouse-based project dedicated to designing and building a real nanosatellite. Want to discover the space industry by experiencing it firsthand? Welcome to the TOLOSAT team.

@tolosat.space

TOLOSAT

Astronomy Club
Astrophotography, talks, training sessions, science outreach, open observation nights, and stargazing aperitifs... Whether you're a passionate astronomy enthusiast or simply curious about the night sky, this club is made for you!

@sup_astro_

ASTRONOMY

Supaeromoon
From analogue missions at MDRS to the rugged terrain of the ERC, we design tomorrow's autonomous rovers from the ground up.Cutting-edge engineering, teamwork, and high-level technology: join the adventure and take on the challenge of space robotics!

@supaeromoon

SUPAEROMOON

Experience it for real!

Toulouse Racing
Join Toulouse's inter-school racing team! Our mission: take on FSUK and aim for victory with an electric and autonomous race car designed and managed like a real Formula 1 team.
From technical design to team management, become the architect of our next win!

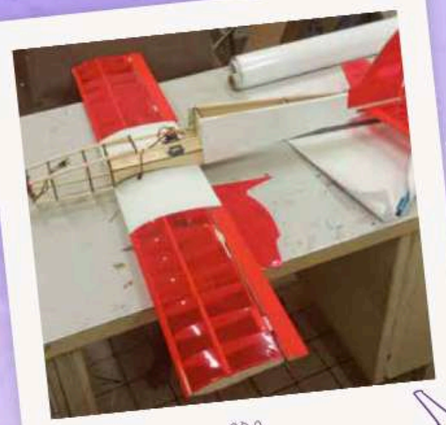
@tlseracing

TOULOUSE RACING

Robotik
One year of design, a tight-knit team, and 90 seconds to conquer the French Robotics Cup.
From CAD to high-level coding, nothing here is simulated: we build a machine designed to win.
Ready to make the competition tremble under the Supaéro colours?

@supaero_robotik_club

ROBOTIK



SDS

Supaero Drone Section (SDS)
Tired of lift equations staying in theory? At SDS, your projects move from the desk to the sky. We've got the motors, the frames, and the expertise: you bring the ideas. Whether you're here to tinker with a unique prototype or become a true drone pilot, the workshop is open to you.

@sds_supaero

HydroArt
An international student team, a 1:8-scale aircraft model, and a hydrogen-electric hybrid engine. HydroArt is pushing boundaries and betting everything on sustainable innovation. The goal? To revolutionise aviation and reduce its environmental impact.

HYDROART

FOIL

Foil
Why buy your board when you can shape it yourself? Surf, foil, wing, move from the workshop straight to the lineup. Come sand, glass, and resin your own gear alongside a team of passionate riders. From shaping dust to pure riding adrenaline, here you build what you ride.

Radio Club
Here, we communicate with the entire world, and beyond. Forget conventional radio waves: master satellites and capture space signals from our amateur radio ground station. Tinker, transmit, and break down distances.
Ready to go on air?

RADIO CLUB

Get involved!

INTERNATIONAL STUDENT CENTER

International student center
50% international students, 100% integrated. Experience life at the rhythm of our cultural residences and join a borderless Supaéro community!

Solidarity Office
As part of our efforts to support students facing financial hardship, and in collaboration with social services, the Solidarity Office can provide financial assistance for participation in certain events (sports events, etc.).

RÊVE'AILES

Rêve'Ailes
Here, we build an aircraft (yes, a real one) and adapt its flight controls so that people with disabilities can learn to fly.
No prior experience required, come learn how to set rivets, read technical drawings, and design the next generation of flight controls.

S4E

Supaero For Earth (S4E)
A micro-forest on campus, an organic vegetable garden, and birdwatching outings, S4E turns environmental awareness into real action. Between two talks on climate challenges, get your hands in the soil and reconnect with living systems. Ready to grow the future?

@supaero4earth

4L TROPHY

4L Trophy
Get ready to leave the asphalt behind for the desert tracks of Morocco. Mechanics, sand, and solidarity, set off with your co-pilot on the world's largest student rally. Prepare your vehicle, load up supplies for the Enfants du Désert, and go for it.

Mechanical Club
A slipped chain or a flat tire? We'll fix your bike every Thursday or lend you the tools to do it yourself. Get your hands dirty and get back on the road straight away.

MECHA CLUB

AIGLE

Aigle
AIGLE is the LGBTQIA+ club at Supaéro!
We organize awareness events, discussions and debates, often over crêpes.

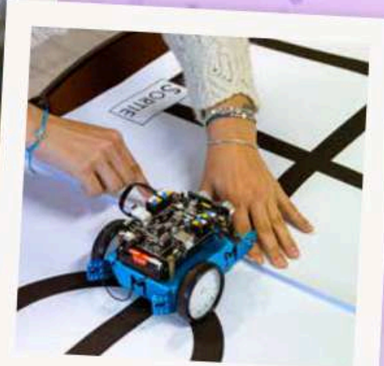
Push boundaries!

ISAELLES

HDVS TEAM

HDVS Team

As part of the school's action plan against harassment, discrimination, and sexual and gender-based violence (HDVS), our student team is here to support you and look out for everyone, at night events as well as in daily life.



ISAELLES

ISAELLES is the feminist student association at Supaéro! We run many projects:

1. Outreach sessions in middle schools and high schools to challenge gender stereotypes and encourage girls to pursue careers in science.

2. On campus, we organise debates, talks, and charity events.

3. We also give middle school and high school girls the opportunity to meet women scientists and visit the school (Women on Campus programme).

4. Every year, we publish a survey on sexual and gender-based violence experienced on campus.

Equal Opportunity Office, ISAE-SUPAERO

By joining Supaéro, you also have the opportunity to get actively involved in promoting equal opportunities. Since 2006, Supaéro students have been leading numerous outreach initiatives with middle school, high school, and preparatory class students across the Occitanie region, with the goal of fostering academic ambition and opening the doors to top engineering schools for all motivated young people, regardless of their background.

There are three flagship initiatives where you can get involved and make a difference:

Women on Campus: a mentoring program pairing each student with 10 middle or high school girls, alongside a professional mentor, through workshops, a campus visit, and a company visit. This program helps break stereotypes and inspires young girls to pursue careers in aeronautics and space.

OSE inGÉ: tailored support for preparatory class students, including mentoring and immersion weekends on campus.

Scientific projects: water rockets, coding workshops, rover building, glider flights… Science becomes accessible and fun through a wide range of student-led volunteer projects.

A more inclusive Supaéro starts here.

Break the frame!

SUPAERO JUNIOR CONSEIL

SUPAERO Junior Conseil
Why wait for graduation to work with industry leaders? Run a real consulting company, manage engineering projects for major corporations, and start building your network right away. Business, tech, management, turn your talent into professional experience. Ready to get serious?

CHESS CLUB

Chess Club
Tired of losing at chess t o your uncle every Christmas? Come train at the Chess Club and take your revenge!

THE SUPAÉRO SWEATSHIRT!

Shop
We promise, it's organic cotton. From simple hoodies to caps and underwear, they've got everything you need, and they dress all of Supaéro.

SUPAERO GAMING CLUB

SUPAERO Gaming Club
On PC, console, at LAN events or online, SGC is Supaéro's chill gaming club. Tournaments, co-op, or free play, fun is always switched on here.

SIMU

SIMU
Board game night with friends or an improvised tabletop RPG scenario? We've got the games, the pizzas, and the atmosphere. But SIMU is also home to the oldest tabletop RPG convention in France, a major challenge for a truly one-of-a-kind club.

ARTS
Association

You've already come a long way!

Life here is far from quiet — there's always something going on.

We love enjoying the finer things in life, so we cultivate art in all its forms: musical, visual, and even culinary.

We get you moving, out exploring, and discovering new things, but we also know how to slow down and enjoy some calm.

So, make the most of your time in our little oasis!

43°34'04.02"N
1°28'20.23"E

Set the rhythm and make some noise!

LOS SOUPAEROS

Los soupaeros
Poot!! We're here to bring the energy!
"Los Soupaeros is to brass band music what the Berlin Philharmonic is to symphonies," according to La Dépêche du Midi, a famous newspaper in southwestern France.
Whether you already play an instrument or not, it doesn't matter!
We all pick an instrument we don't know how to play: that's the only rule!

Phil'Airmonie
Welcome to the Supaéro Symphony Orchestra!
Together with ENAC (yes, we play with our neighbours), we perform a wide range of musical styles and we even have a professional conductor!
Whether you're a beginner or an experienced musician, come and join our orchestra.

PHIL'AIRMONIE

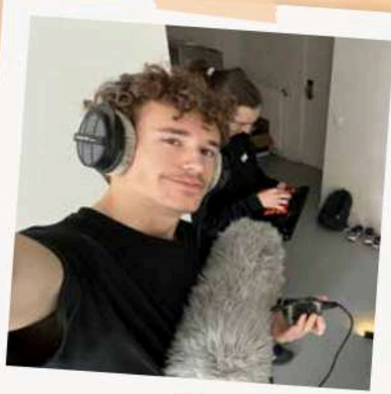
MUZAK

Muzak
If you stop by the student house (MDE), you'll hear us rehearsing!
We have a fully equipped rehearsal room to give everyone who wants to the chance to play and perform.

A PHOTO OF THE RAFALE CLUB

Rafale Club
Rafale is Supaéro's photography club for all photography enthusiasts!
We cover all campus events so everyone can keep great memories in pictures.
Whether you're a beginner or an expert, high-quality equipment is available to you.
Here's a photo taken by Rafale at the Airexpo air show.

SUPAERO TV News (JTS)
JTS is Supaéro's audiovisual club.
We film and broadcast the adventures of Supaéro students during the traditional JTS shows before each holiday break.
We also take part in and even win short film competitions!



JTS

HIBOOM

Hiboom
Between DJ sets and music production, join Supaéro students passionate about music and always ready to bring the vibe to campus parties, and beyond.
From INSA and veterinary school events to even weddings, Hiboom is everywhere the party is!

Unleash your creativity!

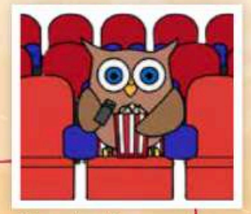
CIA

Imagination & Arts Club (CIA)
The Imagination & Arts Club is the perfect place to express your creativity.
Drawing, painting, sculpting, or simply spending time and talking with friends, everything is at your disposal.
It's the artistic heart of Supaéro, welcoming many students and clubs alike.

Tea Garden Club
What better way to spend a great afternoon than with a good cup of tea and some sweet treats?

THREAD ARTS CLUB

Thread Arts Club
Want to learn how to make crochet plushies?
Come discover the joys of crochet and embroidery, and challenge your grandma to a duel!



Cinema & SUPAnimation Club
You'll be looking forward to heading to the lecture hall with us to watch a great movie with friends. There's something for everyone, from classic films to Japanese animation, you'll find your genre!
All of that without even leaving campus.

BIBALLE

Biballe
Tired of reading the French literature on your syllabus? Do you miss the true pleasure of reading? The Sup student library is here for you: Comics, mangas, novels. We have it all! In addition to our own library, take advantage of the Aérothèque, the school's learning center.

Enjoy the good things!

CULINARY ART

Culinary Art
It's the best club to enjoy a great meal as a group and improve your cooking skills!
We spend the afternoon cooking plenty of recipes based on a specific theme. And of course, afterwards we feast together! Yummy!!!

Cheese Club
It's the club for epicureans, the perfect place to discover incredible flavours and spend great times with friends.

CHEESE CLUB

TABLES DE CHOC

Chocolate Tables
Who doesn't love chocolate? Not us, that's for sure!
So, we discover it, prepare it, and of course, we eat it!

OENOLOGY CLUB

Supaerouge
Do you finally want to know what to say when tasting a wine? Then don't wait any longer and join the oenology club for a monthly wine tasting. All in a great atmosphere, surrounded by charcuterie and cheese!

The Departments of the Arts Association (AA)

SUPAERO HAS A MAGNIFICENT GIFT

THEATRE

CONCERT

In addition to the clubs, the AA departments are here to allow all members to benefit from cultural outings at (very) reduced prices!

Between cinema, theatre, concert, museum, and show outings at only a third of the normal price, you are sure to find your happiness!

On top of that, there are also events organised directly by the association! (And even a trip! This year it was to Porto, Portugal!)

The departments:

- Cinema
- Classical
- Communication
- Events
- Modern
- Museum

SUPAERO **Event!**

We are entering another dimension of travel...

Here, there are times when everything accelerates. Integration, campaigns, parties, sports competitions... you have to experience it to believe it!

These are special moments, the ones where you meet people, get involved, and experience the thrill with an entire graduating class!

43°34'10.64"N
1°28'19.44"E

Dive into the adventure

INTEGRATION PARTY

The integration program
At Supaéro, we know how to welcome new students as they deserve: when you arrive at the school, a full two weeks of integration await you, after which you'll already feel right at home on campus!

The campaigns
The campaigns are an unmissable part of life at engineering school. Every year, groups of students put together 'slates' to take the lead in the BDE, BDS, BDA (student union)…

CAMPAIGNS PARTY

THE FOYER

The Foyer: The Beating Heart of the Campus!
With about two parties a week, the Foyer's schedule is never empty! Whether it's to grab a bite to eat with friends, dance the night away, or even listen to Supaéro's bands play, there is always a good reason to come to the Foyer. And for an even better atmosphere, the BDE (Student Union) regularly organises «soirées exté» (external parties): all the neighbouring schools are invited!

GALA NIGHT

Supernova: Supaéro's Prestigious Gala
On the night of the Gala, it's time to dress to the nines! Everyone puts on their finest suit or most beautiful evening gown, and after an exclusive dinner, the party continues with multiple rooms, multiple vibes, champagne, professional DJs, and rock music until the break of dawn!

Stand up for your Colours

Throughout the year, you will have the opportunity to take part in major sports tournaments bringing together schools from all over France: this is your moment to proudly defend Supaéro's colours, whether you're a great athlete or a great supporter!

EUROPEAN AEROSPACE GAMES

European Aerospace Games
À domicile, il y a les EAG (European Aerospace Games) durant lesquels des écoles aérospatiales de toute l'Europe viennent se disputer la première place à Toulouse, idéal pour faire de très belles rencontres!

THE CENTRALE LYON CHALLENGE

The Centrale Lyon Challenge
Save the date this spring! The Centrale Lyon Challenge is a major competition that brings together most of the French engineering schools. Victory also depends on the ultras, so come out and cheer on your friends! Whatever you do, don't miss the amazing party at the end!

TOSS
You are invited to the Toss, the biggest student sports even in France, organised by CentraleSupélec: the perfect opportunity to catch up with all your friends!

Massilia Sun Beach (MSB)
The Massilia Sun Beach (MSB) is a competition focused more on leisure, where you can soak up the sun on the beautiful beaches of Le Grau-du-Roi!

SUPSUP

SupSup
Take on your mentors right from orientation week at SupSup, which pits the first-year teams against the rest of the school. This is your chance to show what you're made of!

GARONNA CUP

Garonna Cup
The Garonna Cup is a rowing regatta in the heart of Toulouse, along the banks of the Garonne at Place de la Daurade; the atmosphere on the docks is insane, definitely not to be missed! This year, the Supaéro rowing team brought the trophy home!

RAID ISAE

Raid ISAE
The Raid, organized every year by Supaéro students, offers to put your skills to the test on courses combining running, mountain biking, and canoeing right in the heart of the mountains.

The Airexpo Airshow

Airexpo

Airexpo is the only airshow in the world entirely organised by students and has been taking place since 1987! Put together by students from ISAE-SUPAERO and ENAC, it brings together 50 aircraft every year for breathtaking demonstrations, attracting thousands of visitors.

It is also the 3rd largest airshow in France! Whether you are an aviation enthusiast or simply curious, come join a unique adventure where you will develop skills in logistics, communication, project management, and so much more!

Toulouse & **the Campus!**

After all these stopovers, it is time to show you the backdrop.
The campus quickly becomes your home base: a place where everything blends together, from studies and projects to everyday life.

And then there's Toulouse.
A vibrant, accessible city that is always on the move: perfect for extending the adventure outside of school.

You'll see, you get attached to it much faster than you think.

- Financial assistance for specific student club activities and events
- Tuition scholarships

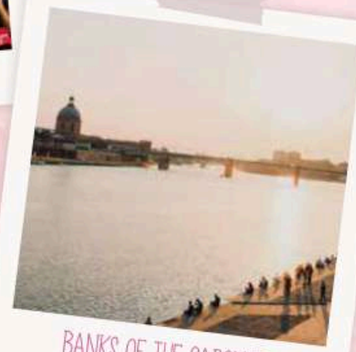
Live your best life in Toulouse!

Toulouse is much more than just a city; it is the European capital of aeronautics and space. Studying here means immersing yourself in the heart of innovation alongside the major players of the aerospace industry.

WE SUPPORT OUR RUGBY TEAM!

Living in Toulouse means living in the #1 student city* in France: a vibrant student energy that brings the city to life. All of this comes with that signature south of France spirit: a pleasant climate, friendliness, and pure passion!

*L'Etudiant ranking of the best student cities in France 2025



BANKS OF THE GARONNE

The city boasts a dream geographical location: Located in the heart of the Occitanie region, Toulouse offers a countless variety of activities for your weekends!

- 1.5 hours from the Pyrenees mountains
- 1.5 hours from the Mediterranean Sea
- 3 hours from the Atlantic Ocean
- 4.5 hours from Paris by train

And this dynamic metropolis has managed to preserve a historic heart on a human scale, with its ubiquitous pedestrian streets and its exceptional cultural and historic heritage.

THE MOUNTAINS JUST A STONE'S THROW AWAY!

THE 2026 ALPHA TEAM

Thank you for staying with us this far!

To be completely honest, I'm not the only one behind this story. We are 3 students, and we put a lot of love into this logbook.

We're just waiting for you to join SUPAERO and its extraordinary student life where everyone finds their place!

Another huge thank you to everyone who contributed to this project.

Louise, Manech, Louka
